Ahmed Samir Mustafa

Front End Developer | React.js

ahmedsamirhad17@gmail.com | 01063483113 | Cairo, Egypt | https://github.com/ahmed2020026 | https://www.linkedin.com/in/ahmed-samir-513237251 | https://a7med-portfolio.vercel.app/

Summary

Results-driven Front-End Developer with a Bachelor's degree in Communications & Computer Engineering. Specialized in React.js, JavaScript (ES6+), and modern web technologies including HTML5, CSS3, TailwindCSS, Redux Toolkit, and Bootstrap. Proven expertise in building responsive, high-performance web applications with seamless RESTful API integration and scalable state management.

Demonstrated success in developing e-commerce platforms, admin dashboards, and modern landing pages, with consistent optimization of SEO, performance, and accessibility. Proficient in version control with Git/GitHub, deployment using Vercel, and writing clean, maintainable code. Passionate about UI/UX design and delivering user-friendly, engaging digital experiences.

Skills

Technical Skills:
- **Front-End:** (HTML5 | CSS3 | Bootstrap | JavaScript(ES6) | TailwindCSS | jQuery | React.js | Redux Toolkit | TypeScript)
- **Tools & Development:** (Git | GitHub | Vercel)
- **Programming Foundations:** (C | C++ | OOP | Data Structure)

Soft Skills:
- Problem Solving
- Time Management
- Team Collaboration
- Continuous Learning
- Adaptability

Experience

Front-End Developer (Graduation Project)   10/2024 - 07/2025
Higher Institute of Engineering and Technology   *Tanta, Egypt*

- Developed a fully responsive user interface using HTML, CSS, JavaScript, and TailwindCSS.
- Optimized performance across different devices and screen sizes to ensure smooth user experience.
- Architected a responsive video navigation menu with 10 categories and 3 subcategories each, adapting automatically to API data; accelerated content updates by 40% for the content management team.
