

AHMED SAMIR MUSTAFA

Front-End Developer | React.js

Menoufia, Egypt | +201063483113 | ahmedsamirhad17@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Front-End Developer with 1+ year of experience building production-ready web applications using React.js, TypeScript, and JavaScript (ES6+). Achieved 30% faster load times and a 90%+ on-time delivery rate across delivered projects. Skilled in Redux Toolkit, RESTful API integration, and scalable front-end architecture.

PROFESSIONAL EXPERIENCE

Eyouth — *Part-Time Programming Instructor*

Apr 2026 – Present

- Instruct 20+ students per cohort in programming fundamentals and modern web development, achieving 90%+ student satisfaction.
- Design and deliver structured curricula covering HTML, CSS, JavaScript, and React.js, progressing from foundational to advanced concepts.
- Guide students through 5+ real-world projects, reinforcing problem-solving skills and foundational programming concepts.

Freelance — *Front-End Developer*

Jul 2025 – Present

- Developed and delivered 15+ responsive web applications using React.js, TypeScript, JavaScript (ES6+), HTML5, and CSS3 across multiple industries.
- Reduced page load time by up to 30% through lazy loading, code splitting, and image optimization techniques.
- Integrated RESTful APIs across 10+ projects, enabling seamless real-time data flow using Axios and Redux Toolkit.
- Maintained 100% client satisfaction with consistent on-time delivery and clean, maintainable codebases.
- Deployed 15+ production applications via Vercel using structured Git/GitHub version control workflows.

EDUCATION

Bachelor of Engineering — Communications & Computer Engineering

2020 – 2025

Higher Institute of Engineering and Technology (Tanta, Egypt)

TECHNICAL SKILLS

Front-End: React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, Headless UI

State Management & APIs: Redux Toolkit, RESTful APIs, Axios

Back-End & Database: PHP, MySQL, SQL

Tools & DevOps: Git, GitHub, Vercel, VS Code, npm

CS Fundamentals: OOP, Data Structures, Algorithms, C, C++

SOFT SKILLS

- Problem Solving
- Time Management
- Team Collaboration
- Continuous Learning
- Adaptability

PROJECTS

Quick Cart — E-Commerce Platform

[Live Demo](#) | [GitHub](#)

Stack: React.js · TypeScript · Tailwind CSS · Headless UI · REST API

- Architected a production-ready e-commerce platform with a dynamic product catalog, shopping cart management, and seamless API integration.
- Built 20+ reusable UI components using Headless UI and Tailwind CSS, ensuring consistent design and accelerated development velocity.
- Optimized load performance through lazy loading and code splitting, achieving full cross-device responsiveness.

G-Store Dashboard

[Live Demo](#) | [GitHub](#)

Stack: React.js · Tailwind CSS · Redux Toolkit · REST API

- Built a feature-rich admin panel enabling real-time management of users, products, orders, and reviews with full CRUD operations.
- Engineered predictable global state management with Redux Toolkit, reducing API redundancy and improving UI responsiveness.
- Designed scalable, modular component architecture supporting rapid feature iteration with minimal technical debt.

Prescripto — Hospital Management System

[Live Demo](#) | [GitHub](#)

Stack: React.js · TypeScript · Tailwind CSS · Material UI

- Developed a multi-role healthcare platform with dedicated patient and admin interfaces, covering doctor listings, appointment scheduling, and dashboard analytics.
- Leveraged TypeScript for type-safe development, reducing runtime errors and improving long-term code maintainability.
- Delivered a professional, accessible UI using the Material UI design system with full responsiveness across all devices.

HEI Burger — Restaurant Website

[Live Demo](#) | [GitHub](#)

Stack: React.js · Tailwind CSS · Material UI

- Developed a responsive restaurant website for a burger shop using React.js, Tailwind CSS, and Material UI.
- Implemented interactive menu browsing and modern UI sections for showcasing products and offers.
- Optimized user experience with responsive layouts and reusable front-end components.

TRAINING & DEVELOPMENT

Front-End Development Training Program

Jun 2026 – Jul 2026

SEF Academy

- Hands-on front-end development training covering advanced React.js, component architecture, and modern development workflows.

Full-Stack PHP Development Track

Oct 2025 – Jan 2026

National Telecommunication Institute (NTI)

- HTML5, CSS3, JavaScript, Bootstrap, PHP, MySQL.

Front-End React.js Diploma

Jul 2025 – Dec 2025

SEF Academy

- HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, React.js, Bootstrap.

LANGUAGES

Arabic: Native | **English:** Very Good
